

5 ACRE WATERFRONT PARK

Heritage Park

The developers of Edgewater Estates have added to the existing Heritage Park in order to provide residents with a larger and more diverse green space.

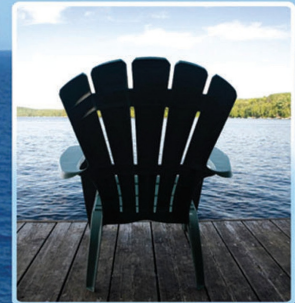

Below are just some of the improvements that have been implemented by the developers:

- Walking trails that wind through the woods on the east edge of the park.
- Trails that provide direct access to the Lake Ontario shoreline where limestone shelf rock offers a natural launch pad for personal canoes and kayaks.
- Benches have been strategically placed to take advantage of the stunning views.
- Outdoor exercise equipment that enables residents to get fit while being refreshed by the lakeside breeze.
